

## ► PREMIUM Indoor-Rated LightPanel System

EOS Premium LightPanel Systems have been specifically developed with LEDs of extremely narrow color-binning for precision replacement of in-field systems that exactly match color temperatures of existing, installed panels. What's more, their color accuracy is exceptional at 95+ CRI. Max dimension 120" x 80"

QTY	PANEL TYPE	VOLTAGE	DIMENSIONS (INCHES) TOP SIDE		LED SIDES	COLOR TEMP	LED POWER	DIFFUSER	CORD LENGTH	CORD LOCATION	POWER SUPPLY
5	LP	24V	48	50	4SL	2700	PSP or PHP	DIF	CC6	TL	010V

To order Premium Standard Power or Premium High Power, use PSP or PHP, respectively, to designate "LED POWER" in your part number nomenclature.
